

Heavy & Medium Live Floors, Moving Floors & Trailers

Gemini

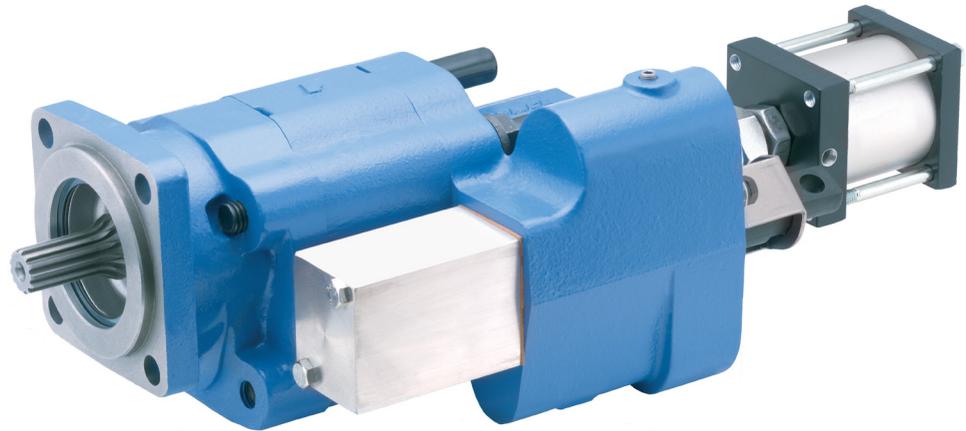

Precision-Engineered Fluid Power Products

The Sensible Choice for Pumps

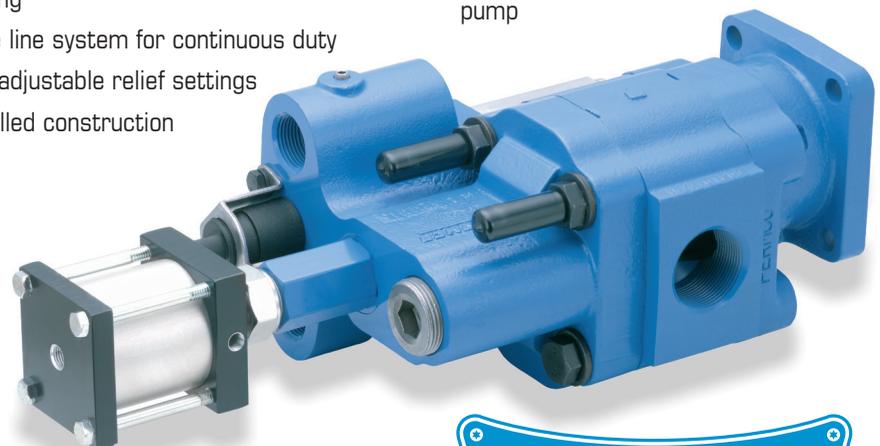

Dump Trucks
Crane Equipment
Vehicles
Roll Off Trucks
Refuse Collection
Walking Floor

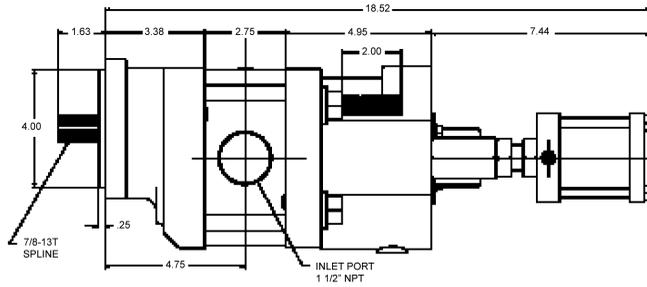

Features

- Dual Pressure Relief: low for dump bodies, high for live floors
- Easy to switch from low to high pressure using truck air
- Large 1 1/2" NPT suction port in the gear housing
- Three line system for continuous duty
- Field adjustable relief settings
- Dowelled construction
- 37 GPM @ 1800 RPM
- 100% factory tested
- Factory installed "OEM" air shift with full metering capabilities
- Relief valve protects the high pressure portion of the system as well as the pump

Perenco is a leading manufacturer of high-pressure hydraulic gear/vane pumps and motors, flow dividers, intensifiers, and accessories. Available in a wide variety of sizes and configurations to suit your application needs.

The third line sleeve is installed in the pump, therefore, the return port must be plumbed back to tank, below the oil line at all times.

Product Information

DG Direct Mount, SAE 4 Bolt "B"	20 20" Gear / 37 GPM at 1800 RPM	Z 3Line Sleeve Installed	L Left Hand Rotation	AS *Air Shift of Main Spool	25 2500 PSI Low Pressure
RG Remote Mount			R Right Hand Rotation		32 3200 PSI High Pressure

**Extended Stud Orientation
Delete Top Two (Std.)
EB Bottom Two
EL Left Side
ER Right Side
E4 All four

Relief Valve Setting
25 2500 PSI Low Pressure
32 3200 PSI High Pressure

*Because of potential interference with aftermarket air shift cylinders, we recommend the Perenco "OEM" version.
